

3rd Rethinking Mental Health Care Conference

Caring for Carers

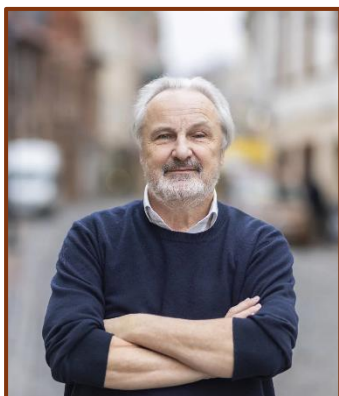

30 September – 2 October, 2027

Sofitel Montreal Golden Mile Hotel

Montréal, Canada

PARTNERSHIP PROPOSAL

Invitation to be Community Partner

We are thrilled to invite you to partner with us for the **3rd International Rethinking Mental Health Care Conference**, taking place on **30 September – 2 October, 2027 in Montreal, Canada**. Building on the success of our previous conferences, held in Lithuania (2022) and Sri Lanka (2025), which each brought together over **200 global participants**, third event promises to be even more impactful.

The conference **will bring together up to 300 top level experts** from around the globe, including policymakers, mental health professionals, and persons with lived experience. **A core value of the Rethinking Mental Health Conferences** is that persons with lived experience play a crucial role in developing the program and presenting their perspectives and concepts, making the conference series unique in the field of mental health.

The main organizer of the conference, **the Federation Global Initiative on Psychiatry**, has been at the forefront of the international effort to make human rights a central component of mental health care delivery for more than 45 years. In its work at the intersection of mental health and human rights, it has focused on innovation, evidence-based care programs that place persons with lived experience at the center, and services that are integrated into their socio-cultural context.

Your involvement would greatly enrich our discussions and provide invaluable insights to our diverse audience of mental health professionals, people with lived experience, policymakers, and global stakeholders. This conference offers a unique platform to showcase your solutions, foster collaborations, and position your brand as a key player in transforming mental health care.

We welcome your support and partnership, and we are pleased to offer tailored sponsorship packages to meet your business objectives.

We look forward to collaborating with you to make this event a resounding success!

Chairperson of Organizing Committee

Prof. Robert van Voren

Community Partner

RMNH'27 Community partners help ensure inclusivity, accessibility, and strong engagement with local and global communities.

Expected active contributions:

- Promote the conference within your networks and communities
- Support participant outreach, especially underrepresented groups
- Assist in local engagement initiatives (e.g., meetups, community dialogues)
- Collaborate on awareness campaigns related to mental health topics
- Encourage participation from practitioners, advocates, and community leaders

Benefits for Community Partners:

- Logo placement on website under *Community Partners*
- Recognition in event communications and selected materials
- 10% discount from Early registration and higher fees for your community representatives
- Ability to shape conversations around community needs and priorities
- Platform to highlight grassroots initiatives and success stories
- Opportunities to co-host community driven sessions or panels
- Exposure to global best practices, research, and innovations
- Networking with international experts and organizations
- Potential for long-term collaboration beyond the conference
