Meet all confirmed speakers

Four themes. One shared vision.

Under the overarching theme "Caring for Carers", the 3rd International Rethinking Mental Health Care Conference will explore four interconnected areas shaping the future of mental health care.

Taking Care of Carers

Recognizing and supporting the essential role of families, friends, professionals and others who care for people experiencing mental health challenges.

Veteran Mental Health

Exploring the mental health needs of veterans and the vital role of peer support, families and communities in their recovery and well-being.

Technological Innovation in Mental Health Care

Examining how emerging technologies can improve access to care, empower individuals and carers, and support more collaborative approaches.

Human Rights in Mental Health Care

Advancing dignity. inclusion, autonomy and rights-based approaches to mental health care for everyone involved.

Across all four themes, **people with lived experience will play a central role**, helping shape discussions and perspectives throughout the conference.

Submit an abstract

Have research, insights or experiences to share? We invite submissions for **oral and e-poster presentations** related to the conference's four main themes.

📅 **Submission deadline: 28 February, 2027**
